Earl Coke, Director
California State Department of Agriculture
and
The Honorable Board of Supervisors
County of Glenn

Gentlemen:

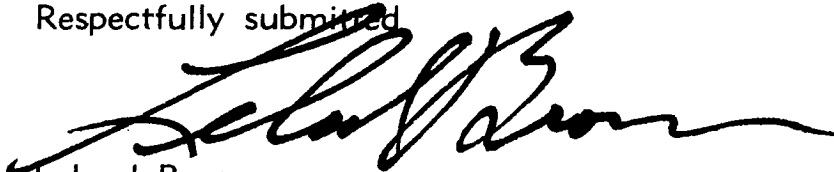

This Annual Crop and Livestock Report is compiled in accordance with Section 2279 of the California Agricultural Code.

The monetary figures shown herein are indicators of gross farm value, and should not be used to estimate net farm income. In some cases the cost of producing the crop may even be greater than the gross value, thus resulting in a net loss to the farmer.

Unseasonably late rains interfered with the planting and pollination of many crops, thereby causing a reduction in total farm value.

To all of those who so willingly contributed statistical data for this report, I wish to express my sincere appreciation.

Respectfully submitted,

Leland Brown
Agricultural Commissioner
