ENCROACHMENT PERMIT FEE INCREASE

The permit fee for Encroachment Permits will be increasing to \$271.30, as of September 28, 2023.

An encroachment permit is required any time work is performed in the County right-of-way. According to Glenn County Code 15.12.010, "Encroachment" means any sign, billboard, pole, pole line, pipe, pipeline, fence, stand, driveway, roadway, culvert, building excavation or ally structure or object of any kind or character not particularly mentioned herein which is placed in under or over any portion of the entire County right-of-way. Typically, there are two inspections made. One is made prior to the start of work to verify the location of the encroachment, and then there is a final inspection that is made after the completion of the work.

Cost: \$271.30

Term: The work is required to be completed within one year of the date of issue and the encroachment can remain in place for the life of the encroachment.
