## California Mortgage Relief Program for Property Tax Payment Assistance

In December 2021, the State launched the California Mortgage Relief Program to aid homeowners who fell behind on their housing payments due to financial hardships they experienced during the COVID-19 pandemic. The program is funded by the 2021 American Rescue Plan Act's Homeowner Assistance Fund and administered by the California Housing Finance Agency Homeowner Relief Corporation.

The California Mortgage Relief Program is expanding to help homeowners who may be current on their mortgage payments but are delinquent on property tax payments. Eligible homeowners could receive up to \$20,000 to cover past-due property tax payments.

There is no cost to apply, and the funds never have to be paid back.

Applicants seeking property tax relief must meet all of the following criteria:

- Faced a qualified pandemic-related financial hardship due to the COVID-19 pandemic after January 21, 2020.
- Household income at or below 150 percent of their county's Area Median Income.
- Missed one property tax payment by May 31, 2022.
- Only own and occupy one property in California as their primary residence.
- Own a single-family home, condominium, or permanently affixed manufactured home.
