ABOUT US

The Glenn County SWAT Coalition is a group of high school students working together to promote tobacco free lives. We do this through participation in community events and coalition projects. SWAT meets **once a month** to plan activities, network and attend trainings to understand how tobacco affects our communities.

COALITION GOALS

Our goal is to help create or change local and state tobacco-related policies to reduce tobacco use and secondhand smoke in our community as well as inform youth about the risks of tobacco addiction.

WHEN DO WE MEET?
