ABOUT GCSAR

The Glenn County Search and Rescue Team is an all-volunteer, auxiliary team of the Glenn County Sheriff's Office.

Our mission is to provide skilled search and technical rescue services to the residents and visitors of Glenn County, California. The GCSAR plays a crucial role in locating and rescuing lost and endangered persons. Due to the varied and often rugged terrain of the county, the Search and Rescue team utilizes a variety of specialized equipment to respond to incidents.

As a mutual-aid response agency, the team may deploy to assist any county in the State of California, upon request.

DONATE

Glenn County Search and Rescue Team relies on donations to operate. Volunteers on the team donate time but our team also relies on financial donations, fundraisers, and grants to fund our program.
